Selectmen's Meeting

MATTAPOISETT
NEST INC. HEARING SET

Mattapoisett Selectmen decided to accept Attorney James F. Huntoon's request for an informal hearing upon the matter of the alleged immoral entertainment which occasioned the police raid at the Nest Pizza Pub. Huntoon stated, "At this informal hearing I will stipulate, on behalf of The Nest, Inc., that a breach of the conditions of the alcoholic beverage license granted to it by your Board may have unknowingly occurred on May 25, 1977. This will allow your Board to evaluate the recent problems involving that portion of the establishment operated as "The Pizza Pub" and determine whether further action should be taken against the establishment as a result of the recent problems brought to the management's attention."

Selectmen went into executive session

RESCUE TEAM ASKS WHARF DEMO

Michael Hickey, rescue team member, asked permission to conduct a public demonstration on the square dance area of the town wharf, of the "Jaws of Life". This latest rescue device is designed to open a crashed and mangled vehicle with enormous leverage to remove a trapped person. Mr. Hickey said that the goal of the rescue squad is to purchase this tool and the drive to do this would be conducted on two weekends starting July 9th. There will be a house-to-house canvas to raise the $7500. needed.

The "Jaws of Life" demonstration will be held at 6 P.M. Thursday, July 7th, in front of the bandstand.

ROCHETTE RIGHT OF WAY

Mr. Joseph Rochette asked the Board of of Selectmen to open a path to his property now blocked by a town owned dog pen. Rochette stated that this path has been a right of way for over 40 years. He said that the Mattapoisett Board of Selectmen had acknowledged this right of way during the hearing upon locating the town gas tank and

that Donald Linhares had remembered that statement. Chairman R. William Blasdale said that the minutes of the hearing had been searched but no mention had been found of the right of way statements. Rochette said that first the gas tank had blocked access to the path and now the dog pen had been put across it. He said that this pen could be easily moved to allow him to reach his property. The Selectmen conferred with Town Counsel Donald Fleming who said that his investigation of the deeds were not complete. He was of the opinion, however, that Mr. Rochette had the burden of proof that a right of way existed. He also said that in the case of town owned land the individual's rights to a right of way are overridden. Mr. Rochette said that he did not want to make a giant issue of the matter but he felt so strongly about his need and his right to access to his land that it was affecting his health and he felt the town was not acting as a good neighbor. Mr. Blasdale said that two courses could be taken. Although the town would not acknowledge the right of way the Board of Selectmen could issue a license to Mr. Rochette to allow right of

access. The other alternative would be land survey and research. The Board agreed to meet with Mr. Rochette to look over the path and Blasdale assured him that the dog pen would be moved to give immediate relief.

REPORT ON PUBLIC ACCOMMODATION

Selectmen received a report from Building Inspector Jonathan DePina stating that many town public buildings meet safety code regulations in regard to seating capacity etc. and replies will be sought from the others which have not answered town inquiries.

The report is at the request of Selectman John DeCosta.

PARADE ROUTE CLEARANCE

Jarvis Medeiros, Old Hammondtown School Band Director, informed the Board that parade marching conditions on Memorial Day were deplorable. Medeiros said cars parked along the route in spite of signs prohibiting parking made it very difficult for his large marching unit. He said that if conditions could not be improved he will remove the Old Hammondtown Band from the Memorial Day parade and participation.

Selectmen will try to clear all of the route for the next year's parade.

MOSQUITO PROBLEM

Mrs. George Heath, North Street, wrote the Board of Selectmen to complain about the mosquitos. Chairman Blasdale noted that the town was sprayed only 2 or 3 weeks

BIKE PATH INFORMATION

Senator George Rogers wrote that he is of the understanding that 2 million dollars will be forthcoming for aid to towns for bicycle paths. He said that once a community accepts such aid, "the bike path would be considered a public roadway and subject to all of the laws related thereto."

The Selectmen had requested an opinion from Senator Rogers concerning who would control the path should the town accept State funds. Selectmen deferred discussion until the full Board if present. Selectman William Hubbard was out of town.

Selectmen received a letter from John N. DeCosta, Memorial Day Chairman, thanking the Board of Selectmen and the Police and Fire Departments for their participation in the Memorial Day exercises.

LETTER TO THE EDITOR

This is a plea from a grandmother who 5 minutes before had kissed a happy little girl off to an overnight stay with her best friend, heard the screech of brakes, ran out and saw her lying dead by the roadside.

Please, please when driving on Crystal Spring Road, drive at a slow speed. In an area of just 4 homes there are 13 children, and down the road there are 4 more. This means that in just 6 homes, within just a small area, there are 17 children with no sidewalks. They are happy, normal kids who at one time or another are walking or riding bikes along the road.

My granddaughter and her 2 friends were walking single file off the edge of the road on pine needles yet this needless tragedy occurred.

Our Suzie cannot be brought back. The pain in our life will be with us always. But another such tragedy cannot and must not happen again. Please drive carefully on Crystal Spring Road and everywhere else.

ARTIST AND COMPUTER

Artist and Computer is the title of the current show in the Cecil Clark Davis Gallery at the Marion Art Center. Since the industrial revolution man and machine have had a controversial relationship. For many artists in the 19th and 20th centuries anything machine-made was the antithesis of art. A few groups like the Futurists and constructivists embraced the qualities of the machine. In the last ten years a small group of about fifty people throughout the world have been exploring the possibilities of art by computer. Ruth Leavitt is a leader in this field. Her paintings are a testimony to the creative powers in man. Machines can't make works of art; the computer is simply a tool she uses to create patterns and designs on large canvases.

Mrs. Leavitt is a graduate of the University of Minnesota and lives in Minneapolis with her husband, Jay, who teaches computer science at the university. An articu-

Art Center Concert

MISS STUART IN CONCERT

"Bravo, Encore, Encore" were the last words Sandra Stuart heard at the Marion Art Center a couple of years ago. And now we have an encore performance by this lovely soprano and her accompanist husband, John Cook, scheduled for Friday, June 24th, at 8:15 P.M. in the theater at the Art Center, corner of Main and Pleasant Streets, Marion.

Miss Stuart is a graduate of the New England Conservatory of Music and also studied at the Conservatoire Americaine in Fontainbleau, France, where she worked with Nadia Boulanger It was Mlle. Boulanger's advice that she concentrate on the performance of early (Renaissance) and modern music. This versatility makes her concerts interesting and varied with a wide appeal. She has performed with the Boston Camerata, the Cambridge Consort and the Boston Early Music Quartet and has appeared at schools throughout New England under

INSECTS

Insects will be the topic of this Saturday's morning field walk at the Museum Outdoors. The staff will point out many of the insects that can be found along the trails, talking about their life cycles, habits and their adaptations to their particular environment. The insects are the most numerous group of animals on the earth and one of the most important, but also the least understood by all. Join this walk to learn a little about these animals who are so important to us.

The insect walk will take place at the Museum Outdoors, 100 Old Westport Road in North Dartmouth on Saturday morning, June 18th, at 10:00. All adults as well as children accompanied by an adult are welcome. Admission is free.

I would like to express my deepest heartfelt thanks to the many kind friends and acquaintances in Mattapoisett, Marion and Rochester who took the time to send me get well wishes and offer up their prayers during my recent serious illness. You can't imagine how reassuring and comforting it was to hear from so many of you during my hospitalization. Happily, I am home now and, hopefully, on the way back to full health. Again, thank you for remembering me when I was most in need of you.
